## *Dental Domiciliary Service for Colchester*

## From 1 November 2008

NHS North East Essex provides a domiciliary service for people who are unable to attend a dental surgery due to health reasons.

## Improve quality of life in your care home

To show commitment to improving the quality of care is a key part of this service. The Department of Health, NHS North East Essex and the provider are determined to ensure dental and oral care is a priority in care homes and for housebound patients.

The Domiciliary Dental Service can offer a home-visit dental service where a dentist carries out dental treatment in the comfort of your own home or if you are living in a residential care, whether it is for medical or psychological reasons.

The service is well-equipped and experienced in providing a range of home dental treatments that can boost quality of life. It will be delivered by a well-run domiciliary dental practice, ensuring you have kind and friendly home dentists that promise a satisfying experience.

### Treatments available

- consultation, examination and oral health assessment
- extractions (removal of teeth)
- fillings
- new dentures
- oral health advice.

### Access standards

Visits will be conducted within 24 hours on request Monday - Friday if a patient is in pain and within 48 hours for normal dental services, which includes denture work.
